Objectives
The "Journées de Chimie Organique" JCO 2014 are back again in their sixth edition. Organized by the Tunisian Chemical Society (SCT) and sponsored by the Division of Organic Chemistry of the French Chemical Society (SCF), these days aim to highlight recent advances in organic chemistry, such as catalysis, newer methods in organic synthesis, total synthesis of natural products, medicinal chemistry. At this occasion, 12 plenary and invited lectures will be presented by distinguished speakers. Oral and poster presentations will be given to contributed papers submitted by students and researchers. Please visit our website soon for further information and to register. The JCO 2014's program will be updated when details are finalized.

Program
The program of JCO 2014 includes:
• plenary lectures (40 minutes)
• invited lectures (30 minutes)
• oral communications (15 minutes) and posters
• an exhibition of scientific equipment
The full program will be available later on the website of the SCT.

A booklet containing all the conference abstracts and papers will be distributed to participants. Authors are required to provide a summary of an A5 page in MS-Word format according to the following instructions:
- superior margin of 2.5 cm, 2.2 cm margins on each side and a bottom margin of 1.5 cm. A template model is available for download in JCO2014’s website.
- Title in uppercase (centered, Arial 10, bold, spacing 1)
- Authors’ names (centered, Arial 9, spacing 1) with presenting author’s name underlined
- Authors’ affiliation (centered, Arial 8, italic, spacing 1)
- Text (justified, Arial 9, spacing 1).

Posters Presentation
Posters should be 1.20 m high and 0.90 m wide. Abstracts of posters will be numbered and listed in the final program. Different sessions will be held for poster presentations. Authors are requested to be next to their posters during the official poster sessions.
