

Welcome Address

On behalf of the Executive Committee of the SCT “**Electrochemistry and multidisciplinary applications**” Meeting and the Organizing Committee, we warmly welcome you to Bizerte and look forward to your participation in this symposium from 28 to 29 April 2018, in the Andaloucia beach hotel. We hope that you will appreciate its sunny and temperate climate and you'll be by the sea and convenient to Bizerte Beach. The conferences, with different electrochemical themes, cover both traditional and new areas of electrochemistry. Different aspects of electrochemistry will be represented in this meeting by means of plenary conferences, oral communications and posters. We welcome all electrochemists and invite you to develop communication between these different fields, to establish new links between researchers and finally to find and cultivate new ideas.
